**LAW & PUBLIC SAFETY: AN AMERICAN CAREERS PROGRAM  
ACHIEVES APEX AWARD FOR PUBLICATION EXCELLENCE**

OVERLAND PARK, Kan. (August 31, 2009) – *Law & Public Safety: An American Careers Program*, published by Career Communications, Inc., has received a national APEX 2009 Award for Publication Excellence in graphic design, editorial content and the ability to achieve overall communications excellence.

“Our Law & Public Safety program for high school classrooms introduces students to fast-growing careers in the field,” according to Barbara F. Orwig, President and Publisher. “The program also promotes academic achievement through standards-based student projects that integrate knowledge and skills related to the Law, Public Safety, Corrections and Security career cluster.”

This kind of integrated academic and career-technical education at the high school level is needed to achieve the postsecondary education required for today’s jobs, Orwig added.

The Law & Public Safety program consists of two publications – a full-color, 64-page student publication and a Teaching Guide on CD. For more information, contact Career Communications, Inc., at 1-800-669-7795 or ccinfo@carcom.com. Or go to the company’s Web site at <http://www.carcom.com>.

A leading educational publisher, Career Communications, Inc., develops and publishes award-winning, standards-based American Careers educational programs and products for high school, middle school and elementary classrooms and for adults.
