**American Careers Business Program  
Project Plan**

1. Appoint a leader and a recorder for your group.
2. Read the case study.
3. Review the projects for your pathway. Select one to discuss.
4. Organize your thoughts about how you will use the case study and project with students.
5. Prepare a 2-3 minute overview of your discussion to share. Include the following information when you share your ideas:
  - a. How will you introduce the case study to students?
  - b. What project did you select?
  - c. Describe how you will teach the project.
